

KILIMANJARO FAQs

Q. How many bags can I bring on the trek? During the trek you are allowed to bring one soft-sided duffel bag (no wheels, no frames) and 1 day-pack weighing no more than 33lbs each.

Your duffel bag will be carried by the camp porter. If your duffel bag exceeds 33lbs, Park regulations require you to hire a personal porter to carry the overage. You will carry your daypack with water and essentials (typically weighing 10-15lbs).

Q. Does the weight of my rental gear count towards the 33lbs duffel bag allowance? Yes. You have to include those rental gears in 33lbs at the time you pack your duffel bag at home

Q. When do I receive my rental gear: What if an item doesn't fit? Pre-arranged rental gear will be distributed at the trek briefing at the hotel. It is imperative that you try on or test each rental item to ensure proper fit and good condition. The trek briefing will be your LAST opportunity to exchange or add rental gear.
